SUMMARY

As a web developer, I am looking to bring education, entertainment and information to people across the world. I am a driven, hard-working individual who is able to flourish in many different environments. Utilizing my extensive experience teaching abroad, I can apply a disciplined, analytical yet creative approach to situations in the workplace.

WORK EXPERIENCE

2016 - present **Freelance Web Developer**
Austin, Texas

Developing websites and applications for different clients. These projects include front-end development as well as back-end.

2014 – 2016 **ACADEMIC CONSULTANT**
LCentral English Enrichment - Singapore

Taught English and advised students aged 3-12 on how to become successful with their Primary School Leaving Examination testing and post-Primary education. Developed and implemented effective marketing strategies in order to maximize brand recognition.
